Subject: Regarding University Registration Approval

From:  
Office of the Registrar, WBUHS

Sir/ Madam,

As directed by the Higher Authority this is to inform you that the University is going to start the registration verification process very shortly. So it is being requested to all the concerned authorities to send (by post)/submit the original migration certificate/school leaving certificate to the University. The registration number will not be generated without the original migration certificate/school leaving certificate.

N.B. - Please ignore the mail if it has already been submitted.

Regards,  
Asst. Registrar  
The West Bengal University of Health Sciences
